

# Mehmet Çalikuş

TCKN : 72319021724

Newly graduated computer engineer with a passion for learning and open to self-development. A sound communicator, with high work ethics, time management and task prioritization skills, coupled with an aptitude to focus on minute-most details. Highly motivated to secure an entry level computer engineering position in order to build a long term career and to serve the organization with an outstanding output. Interested in machine learning, deep learning, robotics and cloud computing. I took machine learning, cloud computing and robotics as elective courses at my school.
